

SUPPORT YOUR ANGLICAN COMMUNITY

Making an investment is a choice to also support the activities and businesses that your chosen institution decides to fund with your money. Given the choice, we would all want our investments to do good for our community.

Funds invested with Anglican Funds South Australia's Community Fund are reinvested in loans to support the work of local parishes, schools, and other Anglican organisations. With Anglican Funds South Australia you can be secure in the knowledge that you have made an ethical investment decision.

Helping support the mission, education and charitable works of the South Australian Anglican Community

Funds invested with AFSA's Community Fund are capital guaranteed by the Synod of the Diocese of Adelaide of the Anglican Church of Australia Inc. ABN 63 198 215 958. AFSA is not prudentially supervised by the Australian Prudential Regulation Authority. Therefore, an investor in AFSA will not receive the benefit of the financial claims scheme or the depositor protection provisions in the Banking Act 1959. Investments in AFSA are intended to be a means for investors to support the charitable purposes of the fund. By law ASIC requires that all Religious and Charitable Development Funds, such as AFSA, advise that investors may be unable to get some or all of their money back when the investor expects or at all, and the investment is not comparable to investments with banks, finance companies or fund managers.
