## Notes to the financial statements For the period ended 30 June 2022

---

### 1. Corporate information

The financial statements of Anglican Funds South Australia - Enhanced Income Fund (the "Fund"), an operating cost centre of The Synod of the Diocese of Adelaide of the Anglican Church of Australia Incorporated (the "Association"), for the period ended 30 June 2022 were authorised by the Diocesan Council on 14 September 2022.

The financial statements have been prepared to comply with the requirement of the ASIC Corporations (Charitable Investment Fundraising) Instrument 2016/813, that separate financial statements be prepared and audited for the Enhanced Income Fund. The application for registration of a replacement identification statement pursuant to ASIC Instrument 2016/813 in relation to the Fund was accepted by ASIC on 12 November 2021, however the effective start date of the fund was 1 October 2021. Accordingly, this first financial report covers the period from 1 October 2021 to 30 June 2022 and no comparative financial information is provided.

The Fund is a managed investment scheme with funds invested to meet the short to medium term investment needs of investors affiliated with the Anglican Church.

The registered office and principal place of business of the Fund is 18 King William Rd, North Adelaide SA 5006,

### 2. Significant accounting policies

#### 2.1 Basis of preparation

These general purpose financial statements have been prepared in compliance with the requirements of the Australian Accounting Standards - Simplified Disclosures as set out in *AASB 1060 General Purpose Financial Statements – Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities*. The Fund is a not-for-profit entity for the purposes of preparing these financial statements.

The financial statements have been prepared on a historical cost basis, except for investments that have been measured at fair value.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non current. All balances except investments, are expected to be recovered or settled within 12 months. In the case of investments, the portfolio is managed based on the economic circumstances at any given point in time, as well as to meet any liquidity requirements. As such, it is expected that a portion of the portfolio will be realised within 12 months, however, an estimate of that amount cannot be determined as at balance date

The financial statements are presented in Australian dollars and all values are rounded to the nearest dollar (\$).

#### 2.2 Changes in accounting policies and disclosures

##### Impact of the coronavirus (COVID-19) outbreak

The COVID-19 outbreak was declared a pandemic by the World Health Organization in March 2020.

We have not seen a significant impact on the business to date. The outbreak and the response of the Governments in dealing with the pandemic has interfered with general activity levels within the community, the economy and the operations of the Fund and has seen a corresponding increase in financial market volatility and corresponding fluctuations in the fair value of the Fund's investment portfolio. The scale and duration of these developments remain uncertain as at the date of this report however they may continue making an impact on the earnings, cash flow and financial condition.

**Notes to the financial statements**  
**For the period ended 30 June 2022**

---

**2. Significant accounting policies (continued)**

**2.3 Summary of significant accounting policies**

**a) Financial Instruments**

**(i) Financial assets**

**Initial recognition and measurement**

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost and fair value through other comprehensive income (OCI).

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Fund's business model for managing them.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Fund's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows while financial assets classified and measured at fair value through OCI are held within a business model with the objective of both holding to collect contractual cash flows and selling.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Fund commits to purchase or sell the asset.

**Subsequent measurement**

**Financial assets at amortised cost**

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

**Other Receivables**

The Fund's financial assets at amortised cost includes other receivables. A receivable represents the Fund's right to an amount of consideration that is unconditional (ie only the passage of time is required before payment of the consideration is due)

**Financial assets designated at fair value through OCI**

Upon initial recognition, the Fund can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under AASB 132 *Financial Instruments: Presentation* and are not held for trading. The Fund elected to classify irrevocably its investments under this category.

**Notes to the financial statements**  
**For the period ended 30 June 2022**

---

**2. Significant accounting policies (continued)**

**2.3 Summary of significant accounting policies (continued)**

**a) Financial Instruments (continued)**

**(i) Financial assets (continued)**

**Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Fund has transferred substantially all the risks and rewards of the asset, or (b) the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control

When the Fund has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Fund continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Fund also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Fund has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Fund could be required to repay.

**Impairment of financial assets**

The Fund recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Fund expects to receive, discounted at an approximation of the original EIR. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For other receivables, the Fund applies a simplified approach in calculating expected credit losses (ECLs). Therefore, the Fund does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Fund has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

**Notes to the financial statements**  
**For the period ended 30 June 2022**

---

- 2. Significant accounting policies (continued)**  
**2.3 Summary of significant accounting policies (continued)**  
**a) Financial Instruments (continued)**

**(ii) Financial liabilities**

**Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as loans and borrowings and payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of borrowings and trade and other payables, net of directly attributable transaction costs.

The Fund's financial liabilities includes other payables.

**Subsequent measurement**

**Other payables**

Other payables are carried at amortised cost and due to their short-term nature they are not discounted. They represent liabilities for goods and services provided to the Fund prior to the end of the financial year that are unpaid and arise when the Fund becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

**Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss and other comprehensive income.

**b) Net assets attributable to unitholders**

Units are recognised at the value of consideration received by the Fund. Where the Fund purchases its own issued units under a buyback, the consideration paid, including any directly attributable transaction costs, is deducted from unitholder funds.

Units are classified as equity when they satisfy the following criteria under *AASB 132 Financial instruments*:

**Presentation:**

- the financial instrument entitles the holder to a pro-rata share of net assets in the event of the Fund's liquidation;
- the financial instrument is in the class of instruments that is subordinate to all other classes of instruments and there is an identical contractual obligation for the Fund to deliver a pro rata share of its net assets on liquidation; and
- there is no other instrument that has total cash flows based substantially on the profit or loss, change in recognised net assets or change in fair value of recognised and unrecognised net assets of the entity, and has the effect of substantially restricting or fixing the residual return to the unitholders.

The units issued by the Fund did not meet all the requirements of *AASB 132 Financial instruments*: Presentation for classification as equity, and therefore net assets attributable to unitholders are recognised as financial liabilities.

**Notes to the financial statements**  
**For the period ended 30 June 2022**

---

**2. Significant accounting policies (continued)**

**2.3 Summary of significant accounting policies (continued)**

**c) Investment income**

Investment and other income is recognised in the statement of profit or loss and other comprehensive income when the right to receive has been established, except from when the Association benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI.

All revenue is stated net of GST.

**d) Taxes**

The Fund is exempt from income tax under Section 50-5 of the Income Tax Assessment Act 1997.

**Goods and services tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except:

- When the GST incurred on a sale or purchase of assets or services is not payable to or recoverable from the taxation authority, in which case the GST is recognised as part of the revenue or the expense item or as part of the cost of acquisition of the asset, as applicable
- When receivables and payables are stated with the amount of GST included

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position. Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority is classified as part of operating cash flows.

**e) Distributions**

Semi-annually, the Fund distributes amounts as determined by the Anglican Funds SA Board in accordance with Diocesan Council approved policy. Distributions to unitholders are recognised in the statement of profit or loss and other comprehensive income as finance costs. A distribution payable is recognised in the statement of financial position where the amounts remain unpaid at reporting date.

**3. Significant accounting judgements, estimates and assumptions**

The preparation of the Fund's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

**Notes to the financial statements**  
**For the period ended 30 June 2022**

**3. Significant accounting judgements, estimates and assumptions (continued)**

**Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Fund based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Fund. Such changes are reflected in the assumptions when they occur.

**Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**4. Cash and cash equivalents**

Cash at bank

2022

\$

4,867

For the purpose of the statement of cash flows, cash and cash equivalents comprise the above.

**Significant non-cash transactions**

During the year investments to the value of \$26,256,640 were transferred to the Fund from the Anglican Funds SA Community Fund in application for units in the Fund.

**5. Other receivables**

Income Receivable  
 Net GST receivable  
 Imputation credits receivable

6,564

1,515

197,525

205,604

**6. Investments**

Listed on the Australian Stock Exchange - at market value  
 Fixed interest and money market investments  
 Cash Management Trusts

8,363,080

16,028,208

723,637

25,114,925

**Investments**

Investments are purchased primarily to meet the short to medium term liquidity requirements of unitholders. Investments are classified as fair value through other comprehensive income and carried at market value at the end of the year. Investment income from listed investments is brought to account as accrued income when the right to receive payment is established. Changes in the capital value of fixed interest investments is brought to account through other comprehensive income.

## Notes to the financial statements For the period ended 30 June 2022

---

### 6. Investments (continued)

#### **Financial assets designated at fair value through OCI**

Upon initial recognition, the Fund can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under AASB 132 Financial Instruments: Presentation and are not held for trading.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, except when the Fund benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Fund elected to classify irrevocably its investments under this category.

#### **Fair value measurement**

The Fund measures financial instruments such as investments, at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Fund.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Fund uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

### 7. Related party disclosures

The Diocesan Council is the controlling body of the Association, and therefore of the Enhanced Income Fund. The Council comprised 18 members at the end of the financial year. None of these members were remunerated by the Fund.

**Notes to the financial statements**  
**For the period ended 30 June 2022**

---

**8. Commitments and contingencies**

**Commitments**

The members of the Fund are not aware of any commitments that have arisen in respect of the Fund.

**Contingencies**

The members of the Fund are not aware of any contingent assets or liabilities that have arisen in respect of the Fund.

**9. Events after the reporting period**

There were no significant events occurring after the reporting period which may affect either the Fund's operations or results of those operations or the Fund's state of affairs.

**10. Auditor's remuneration**

The auditor of the Fund is Ernst & Young (Australia).

The fees for the audit of the Fund have been borne and paid by the Association.

### Statement by Diocesan Council

---

In the opinion of the Diocesan Council the accompanying financial statements as set out on pages 1 to 12:

- (a) Presents fairly the financial position of Anglican Funds South Australia - Enhanced Income Fund as at 30 June 2022 and its performance for the period ended on that date in accordance with Australian Accounting Standards - Simplified Disclosures; other mandatory professional reporting requirements and the policies described in Note 2 to the financial statements;
- (b) At the date of this statement, there are reasonable grounds to believe that the Association will be able to pay its debts as and when they fall due; and
- (c) Satisfies the requirements of the *Australian Charities and Not-for-profits Commission Act 2012* and the *Associations Incorporation Act 1985*.

Diocesan Council reports that no officer of the Association or firm of which the officer is a member or a corporation in which the officer has a substantial interest, has received or become entitled to receive a benefit as a result of a contract between the officer, the firm or corporation and the Association.

Diocesan Council also reports that no officer of the Association has received directly or indirectly from the Association any payment or other benefit of a pecuniary value.

This statement is signed for and on behalf of Diocesan Council by:

The Most Rev'd Geoffrey Smith  
Archbishop of the Diocese of Adelaide  
14 September 2022

Mr Joseph Thorp  
Registrar and Secretary of Synod

## Independent Auditor's Report to the Members of Anglican Funds South Australia - Enhanced Income Fund

### Opinion

We have audited the financial report of Anglican Funds South Australia - Enhanced Income Fund (the fund), which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, the statement of changes in unitholder funds and the statement of cashflow for the period then ended, notes to the financial statements, including a summary of significant accounting policies, and the council's declaration.

In our opinion, the accompanying financial report of Anglican Funds South Australia - Enhanced Income Fund is in accordance with the *Australian Charities and Not-for-Profits Commission Act 2012*, including:

- (a) giving a true and fair view of the financial position of Anglican Funds South Australia - Enhanced Income Fund as at 30 June 2022 and of its performance for the period ended on that date; and
- (b) complying with Australian Accounting Standards – Simplified Disclosures and the *Australian Charities and Not-for-Profits Commission Regulation 2013*.

### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the fund in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Diocesan Council's Responsibility for the Financial Report

The Diocesan Council of the fund are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Simplified Disclosures and the *Australian Charities and Not-for-Profits Commission Act 2012* and for such internal controls as the Council determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Council are responsible for assessing the fund's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Council either intend to liquidate the fund or to cease operations, or have no realistic alternative but to do so.

## Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council.
- Conclude on the appropriateness of the Council's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

**Building a better  
working world**

We communicate with the Council regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Auditor's Independence Declaration to the members of Anglican Funds South Australia - Enhanced Income Fund

In relation to our audit of the financial report of Anglican Funds South Australia - Enhanced Income Fund for the financial period ended 30 June 2022 and in accordance with the requirements of Subdivision 60-C of the Australian Charities and Not-for profits Commission Act 2012, to the best of my knowledge and belief, there have been

- a. No contraventions of the auditor independence requirements of any applicable code of professional conduct; and
- b. No non-audit services provided that contravene any applicable code of professional conduct.
